## OBJECTIVE:

As a second-year Information Technology Bachelor of Engineering student, my goal is to leverage my academic foundation and passion for web development to secure an internship or entry-level position in the field. Eager to apply theoretical knowledge gained in the classroom to practical scenarios, I am committed to learning and contributing to dynamic projects that will enable me to enhance my skills in web development. I seek an opportunity where I can collaborate with experienced professionals, engage in hands-on coding, and immerse myself in the diverse challenges of the web development domain. My objective is to gain real-world experience, broaden my skill set, and make meaningful contributions to a forward-thinking team while paving the way for a successful career in web development.
